

**Metal Fabrication &
Installation Contractor**

A Gooding Company

To whom it may concern,

On March 20th, 2020 Tom Wolf, Governor of Pennsylvania issued an order to close Non-Life Sustaining businesses until further notice. While there are some projects we do that would qualify as “life sustaining” according the list published by the Governor, we are not explicitly listed as exempt from the order. Therefore, we have reluctantly decided that it is in the best interest of our community and our team to comply with the order and close GSM Industrial and GSM Roofing.

To that end we will continue to answer phones and respond to customer inquiries as our office staff is able to work remotely. We will not however be able to accept shipments or make deliveries during the shutdown. We will also not permit visitors or inspections at our shop during this time. We will continue to monitor the situation and if there are any changes to the Governor’s order or our ability to operate, we will let you know.

Please feel free to reach out to your regular GSM contact or call me on my mobile phone if you have any questions or concerns.

Thank you for your patience and understanding during this worldwide pandemic. We hope and pray for the safety of your family, your team and the greater community.

Sincerely,

A handwritten signature in black ink, appearing to read "Brian K. Dombach".
